

Business Continuity Plan

Wintrust Investments, LLC has developed a Business Continuity Plan detailing how we will respond to events that significantly disrupt our business. Since the timing and impact of disasters and disruptions is unpredictable, we will have to be flexible in responding to actual events as they occur. With that in mind, we are providing you with this information on our business continuity plan.

Contacting Us – If after a significant business disruption you cannot contact us as you usually do by calling your Financial Professional directly or 866-943-4732, you should call our alternative number 800-678-0833 or go to our website at www.wintrustwealth.com. We recognize you may need access to your account to sell a position or request a check before we re-establish telephone service with our clients. During this time, you will need to contact the appropriate custodian who holds your investments. For accounts held at First Clearing*, LLC (First Clearing), our brokerage clearing firm, they will assist you with sell/liquidation orders and provide check disbursements, if needed. They can be reached at 877-496-3223. For assets held at other custodians, please contact the phone number referenced on your account statement.

Our Business Continuity Plan – We plan to quickly recover and resume business operations after a significant business disruption and respond by safeguarding our employees and property, making a financial and operational assessment, protecting the firm's books and records, and allowing our customers to transact business. In short, our business continuity plan is designed to permit our firm to resume operations as quickly as possible, given the scope and severity of the significant business disruption.

Our business continuity plan addresses: data backup and recovery; all mission critical systems; financial and operational assessments; alternative communications with customers, employees, and regulators; alternate physical location of employees; critical supplier, contractor, bank and counter-party impact; regulatory reporting; and assuring our customers prompt access to their funds and securities if we are unable to continue our business.

First Clearing regularly backs up its important information in a geographically separate area. While every emergency situation poses unique problems based on external factors, such as time of day and the severity of the disruption, First Clearing has a thorough business continuity plan in place. First Clearing has advised us that its objective is to restore its own operations in order to complete existing transactions and accept new transactions and payments in a timely manner. You can view the First Clearing continuity plan

at www.wellsfargoclearingservicesllc.com. For other custodians, please reference the web site for that firm for their specific continuity plan.

Varying Disruptions – Significant business disruptions can vary in their scope, such as only our firm, a single building housing our firm, the business district where our firm is located, the city where we are located, or the whole region. Within each of these areas, the severity of the disruption can also vary from minimal to severe. In a disruption to only our firm or a building housing our firm, we will transfer our operations to a local site when needed and expect to recover and resume business within 24 hours. In a disruption affecting our business district, city, or region, we will transfer our operations to a site outside of the affected area, and recover and resume business within 24 hours. In either situation, we plan to continue business, transferring operations to our clearing firm if necessary, and notify you through our website www.wintrustwealth.com or our customer emergency number, 800-678-0833. If the significant business disruption is so severe that it prevents us from remaining in business, we will assure our customers' prompt access to their funds and securities.

For more information – If you have questions about our business continuity plan, you can contact us at 866-943-4732.
